

Stele

for the Technagon W40

► Dimensions (L x W x H): 100 mm x 200 mm x 1577 mm

The Technagon W40 can be mounted on the wall or with the help of our design stele specially developed for the Technagon W40.

The wallbox can be easily attached to this pedestal via three screw connections. The supply cable is inserted into the stele through the back of the W40 and clamped on.

Depending on the requirements, one or two wallboxes can be mounted on one pedestal.
